# Corangamite Arts Inc. 2016 Regular Group Activities

Our regular group activities run throughout the year. All they need is a coordinator who will organize the activity and liaise with the committee and a group of likeminded people interested in getting together on a regular basis to share their creative interests.

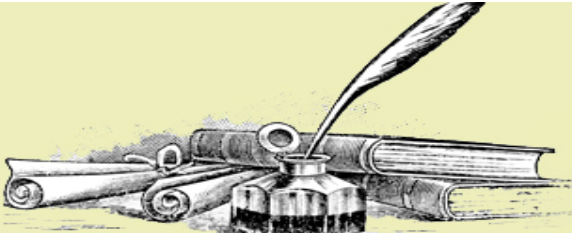

## Meet the coordinator and join these Groups already planned for 2016

The Artist Trading Cards Group introduced last year is a fabulous creative and social activity that has become a firm favorite amongst its members. This very popular group apply their artistic skills to creating miniature works of art in the form of Artist Trading Cards to swap and share.

Each month the group has a new theme to inspire them and cards are swapped over a social cuppa' at a local café.

Beyond the studio artists need community, compelling discourse, mentors and creative cohorts.

This group is for artists interested in pushing the boundaries of their own artistic practice through discussion, exploration, experimentation and mutual mentorship. The group will meet on a regular basis to view art, discuss art and contemporary ideas, make art and collaborate on creative projects.

# Corangamite Arts Inc. 2016 Events

A Corangamite Arts Events include, workshops, exhibitions, festivals, social activities, community engagement activities, sponsorships, and basically everything we do outside of our regular group activities. For many of these events a lot of planning, work and coordination needs to take place, starting long before the event occurs and often continuing after the event has finished.

*We have received lots of great ideas for activities and events but we need Coordinators, Event Champions and Support teams to help make them happen!*

For our events to take place they need a Champion to oversee the event and a support team who are hands on in helping to make them happen!
